## INTRODUCTION TO OPTI-VISION PLUS

National Vision Administrators, LLC. is the administrator of your vision discount plan. As an innovative leader in the field of vision care administration, NVA has designed the program with your convenience in mind. Our staff is composed of qualified professional, administrative personnel who are available to assist you if needed.

## HOW OPTI-VISION PLUS WORKS

NVA offers an extensive network of participating Ophthalmologists, Optometrists and Opticians to serve you. Opti-Vision Plus discounts are available only from participating providers.

NVA has designed the program to be simple to use. There is no paperwork. Present your NVA ID card to a participating provider.

Participating providers will file a claim for your examination directly to NVA, and then apply discounts to the remaining services and eyewear purchased by you and/or your covered dependents.

There is no limit to the number of times you can obtain eyewear at the discounted prices.\* This card cannot be used in conjunction with any other offer (including, but not limited to, coupons, special promotions, sales, etc.). \* The 25% discount on disposable contact lenses is limited to once per 12 month period.

## ELIGIBILITY

All enrolled employees and their covered dependent(s) (if limited or family coverage is indicated on the NVA ID card) are eligible to receive discounted services and eyewear.

## EXAMINATIONS

An exam is covered once every 12 months. This includes case history, examination for pathology or anomalies, job visual acuity (clearness of vision), refraction, and tonometry (glaucoma test). *A comprehensive exam does not include contact lens analysis or fitting fees.*

### **In-Network Benefit:**

A comprehensive exam is covered in full.

### **Out of Network Benefit:**

## FRAMES

The retail pricing on frames varies by provider but is often 3-4 times the wholesale cost. The discount from NVA providers is the wholesale price plus 50%. This example illustrates the savings of wholesale pricing discounts over retail discounts.

Retail Frame Price	Wholesale Frame Price	NVA Discounted Frame Price
\$200	\$65	\$97.50
